Honourable Sir:

I have the honour to submit the fourteenth report of the Criminal Injuries Compensation Board which covers the period April 1, 1982 to March 31, 1983.

Yours respectfully,

Allan Grossman,
Chairman.

PROGRAMME DESCRIPTION

The Legislation

The legislation under which the Board functions is The Compensation for Victims of Crime Act, which came into force on September 1, 1971 superseding The Law Enforcement Compensation Act, 1967.

The Board is required by the Act to find the commission of a crime of violence (in the principal class of applications coming before it). A basic qualification for the consideration of an award is that there must be adequate and reliable evidence in this regard. In addition, the Board is required to consider all relevant circumstances including the behavior of the victim at the time of the incident and the co-operation given by the victim to the law enforcement agencies.

Section 6 of the statute prescribes a one-year limitation period for filing an application for compensation, but the Board may extend the time as it considers warranted. During the year, 127 requests for extension of the limitation period were received, of which 100 were approved.

The Compensation for Victims of Crime Act presently provides that compensation for victims of crimes of violence may be paid up to the following maximums: in the case of lump sum payments, up to $15,000, and in the case of periodic payments, up to $500 per month, and where both lump sum and periodic payments are awarded, the lump sum shall not exceed half of the maximum of $7,500.

It has been 12 years since these maximums were put into effect, and the Board feels that, having regard for the inflationary factors which have occurred since that time, very serious consideration be given to a substantial increase in its maximums, and respectfully recommends that this matter should be addressed by the Government as soon as possible.

Subrogation

The Board is subrogated to all the rights of any person to whom payment is made under this Act, to recover damages from the offender by civil proceedings in respect to injury or death. $26,834.13 was recovered during the fiscal year, compared to $30,982.76 in the previous year.

Hearings

The members of the Board, of whom thirteen are on a part-time basis, usually sit in panels of two.

During the fiscal year, hearings, in addition to those held in Toronto, took place in Thunder Bay, Sudbury, Sault Ste. Marie, Windsor, London and Ottawa. This is done to facilitate applicants, and to generate a better understanding of the work of the Board across the province. In addition, this practice results in reduced costs to the Board.

Documentary Evidence Hearings

A total of 96 cases were dealt with by documentary evidence during the fiscal year compared to 107 in the previous fiscal year.
Cases of this nature are relatively clear-cut. They are generally dealt with by the Chairman of the Board, sitting as a single member panel, after having received agreement from the applicant and the alleged offender to proceed in this manner.

Dealing with cases on documentary evidence reduces the inconvenience of both the applicant and/or solicitor with regard to travel time to location of hearing, as well as to the applicants' and witnesses' loss of work time. The Board also benefits substantially by an overall reduction in its administrative costs, vis-a-vis staff and Board members travel time, accommodation, rental costs, witness, and lawyers fees, etc.

Child Abuse

During this fiscal year the Board received 11 applications in respect of child abuse, heard seven cases and awarded $41,568.00.

Administration & Productivity

The administrative staff of the Board is composed of the Registrar, Chief of Investigations, and three investigators, also a secretarial, stenographic and clerical staff of eight. This small staff has been most dedicated in its efforts to maintain a high standard of service to the Board and to the public.
In this fiscal year, the Board has heard 928 applications, 950 awards were ordered during this fiscal year. The total value of awards increased from $2,780,496.74 in 1981/82 to $2,883,698.21 in 1982/83, while the average award rose from $2,303.02 to $2,451.54. Periodic payments of $554,741.10 not included in average award.

The number of applications received increased from 1250 in 1981/82 to 1328 in the fiscal year.

Public Awareness

Large posters and explanatory pamphlets are supplied to hospital emergency wards and staff lounges, court houses and other public buildings, supermarkets, etc.

Police forces throughout the province have been provided with wallet-sized cards which are designed to be handed out to draw to the attention of the victims of crime of violence that they may be eligible for compensation and advising how to apply to the Board. The daily hearing agenda and a selection of typical Board orders are provided to the news media.

Cost Sharing

Awards made under The Compensation for Victims of Crime Act are cost shared between the Federal Government and the Government of Ontario. The contribution by the Federal Government amounts to 50% of the awards (net of any recoveries) to a maximum of ten cents per capita of the population of Ontario. For the fiscal year 81/82 this share amounted to $862,500.00 or approximately 30% of the awards. The Federal Government does not share administrative costs.
